

# Hi ! I'm Vedika

**Vedika Apte**

MSc Physics | Pitch developer

## About me

I hold an **MSc in physics (solid state)** with strong theoretical focus on Thin film technology , nanotechnology and solar cells. This allows me to understand and communicate complex scientific data. Also I'm **Freelance pitch developer and presentaion designer** . I bridge the gap between "deep tech" and visual clarity , helping researchers and startups translate their data into compelling presentaions. Leveraging basic HTML for web development and Certified in Prompting essentials , I combine scientific precision with AI tools to deliver professional , high-quality results at speed.

## Skills

- Subject matter expert (PHYSICS)
- Pitch developer
- Presentation Designer
- HTML Basics
- Prompt Engineer

## Educational Qualification

- **Bachelor of Science (Physics Hons.)** | 2016-2019
- **Master of Science (Physics - Solid state)** | 2019-2021

## Languages

- English
- Marathi
- Hindi

## Certification

- Nanotechnology : A maker's course
- Introduction to solar cells
- MS Powerpoint for 2024: 3 hours crash course
- Computational Physics : Scientific programming with Python
- Google AI essentials
- Google Prompting essentials

## Contact Me

A/P - Warananagar , Tal -  
Panhala ,

 Dist - Kolhapur , Pin - 416113 ,  
State - Maharashtra , Country -  
India.
