

Hi! I'm Vedika Apte

Vedika Apte

MSc Physics | Python Developer

About me

I hold an **MSc in physics (solid state)**

I enjoy transforming messy **JSON** and **CSV** data into clean, organized datasets using **Python** and **SQLite**. My recent project involved building an ETL pipeline, SQLite database and interactive visualization using OpenStreetMap.

My physics background strengthens my analytical thinking, while my presentation experience helps communicate complex information clearly.

Skills

- Python
- JSON
- SQLite
- Data Cleaning
- ETL Pipeline
- Interactive Data Visualization
- GitHub
- Physics
- HTML Basics

Educational Qualification

- Bachelor of Science (Physics Hons.) | 2016-2019
- Master of Science (Physics - Solid state) | 2019-2021

Languages

- English
- Marathi
- Hindi

Certification

- [Python For Everybody](#)
- [Google AI essentials](#)
- [Google Prompting essentials](#)
- [Nanotechnology : A maker's course](#)
- [Introduction to solar cells](#)
- [MS Powerpoint for 2024: 3 hours crash course](#)

- [Computational Physics : Scientific programming with Python](#)

Contact Me

A/P - Warananagar ,
Tal - Panhala ,
Dist - Kolhapur ,
Pin - 416113 ,
State - Maharashtra ,
Country - India.
